REMARKS

MR. NEW,

I received the attached yesterday 20 May in the late afternoon. I did not have a chance to look at it then and held it for the morning of 21 May. I regret that I did not scan over it on Monday because as you can see the conference began at GSA the morning of 21 May which was too late for anyone from your office to attend. I am forwarding the brochures and memo in case there is something you may obtain for information from the brochures or you may wish to contact DFEON to see when and where they may be holding another conference if there is interest in attendance from your office.
